The mission of Hong Fook Center is to help frail elderly and disabled adults remain in the community with their families as long as possible, thereby preventing the need for institutionalization. The goal of Hong Fook Center is to maximize or maintain the participant's level of independence and to restore optimal capacity for self care. Our multidisciplinary staff is trained to provide care and is sensitive to the needs of a multicultural population. Our bilingual staff includes those who speak English, Chinese, and Korean.
