JUSTICE IN AGING

FIGHTING SENIOR POVERTY THROUGH LAW

Part D Extra Help and California's Home and Community Based Services Programs

When: Tuesday, February 25, 2020 from 10 a.m.-11 a.m. PT/1-2 p.m. ET

In 2012, the Affordable Care Act expanded the Part D Extra Help (also known as the Low-Income Subsidy "LIS") program such that dual eligibles enrolled in certain Home and Community-Based Services ("HCBS") programs should not be charged any co-pays for Part D drugs. Despite the change in the law, dual eligibles enrolled in Community Based Adult Services ("CBAS") and some in the Multipurpose Senior Services Program ("MSSP") have been improperly charged co-pays since 2012. The number of impacted individuals is around 30,000. Starting this year, the Centers for Medicare & Medicaid Services ("CMS") is beginning to properly assess co-pays and retroactively reimburse them, and dual eligibles will begin receiving reimbursements in the next several weeks.

This webinar, [Part D Extra Help and California's Home and Community Based Services Programs](#), will discuss what advocates need to know during this process, including:

An overview of the relevant Part D Extra Help ("LIS") rules;

Identifying different populations impacted;

A summary of the co-pay and reimbursement processes;

The timeline for reimbursements and template notices beneficiaries will receive; and

How to assist beneficiaries, including the Best Available Evidence Rule

Who should participate:

Centers who serve dual eligibles enrolled in CBAS and/or MSSP, dual eligibles in other HCBS programs, and who are interested in learning more about Part D LIS.

Presenter:

Denny Chan, Senior Staff Attorney, Justice in Aging
