FACT SHEET ON MEDI-CAL MANAGED CARE AND CBAS  
BUTTE AND IMPERIAL COUNTY

IMPORTANT CHANGE IN YOUR MEDI-CAL COVERAGE

The Medi-Cal services you get from your adult day health care center are now known as “Community Based Adult Services (CBAS).”

CBAS will be part of Medi-Cal managed care as of 12/1/2014. To get your CBAS on and after 12/1/2014, you must be enrolled in a Medi-Cal managed care health plan of your choice and meet the requirements.

What is a Medi-Cal managed care health plan?

A Medi-Cal managed care health plan helps you with your Medi-Cal benefits. These benefits are the same as in regular Medi-Cal and there is no cost to you.

Medi-Cal managed care health plans can help you find doctors and specialists. Medi-Cal managed care health plans have a 24-hour nurse advice line, member services to help you get non-emergency transportation to medical visits, and more. The health plan can also help you find services they do not cover. When you enroll in the health plan, they may call you to ask about your care needs.

What if I have Medicare?

Your Medicare will not change. This includes your:

- Medicare coverage for hospitals and outpatient services
- Medicare doctors and specialists
- Social Security benefits

If you have Medicare, let your doctors know that: (1) being in a Medi-Cal managed care health plan will not change your Medicare; and (2) you must join a Medi-Cal managed care health plan to have Medi-Cal cover your CBAS.
Talk to Health Care Options between the hours of 8:00 a.m. - 5:00pm., Monday – Friday 1-800-430-4263, or your CBAS center staff if you need help.
