### Who We Are

Our Center is located in a lovely, accessible setting near neighboring medical services. Our specially designed building features a stained glass window and several handmade quilts, including one sewn by our participants through the Center's Artist in Residence program. The goal of our non-profit program is to ensure that older people with serious health problems, and younger adults with severely disabling conditions, can live at home for as long as possible. Our affordable, individualized care helps to support each participant's overall health and improve their quality of life. Visitors are welcome!
